

Edmon's Resume

Edmon is a talented and experienced web developer with a passion for creating stunning, user-friendly websites. With a strong background in both frontend and backend development, he has the skills and expertise to bring your online vision to life.

Frontend Development Skills

HTML, CSS, JavaScript

Edmon has a deep understanding of the fundamental web technologies, allowing him to build robust and responsive user interfaces.

React, TailwindCSS, Bootstrap

He is proficient in modern frontend frameworks and libraries, enabling him to create visually stunning and highly interactive web experiences.

Attention to Detail

Edmon pays close attention to the smallest details, ensuring that every element of the website is pixel-perfect and aligned with the client's vision.

Backend Development Skills

1

Python

Edmon is proficient in Python, a versatile programming language that he uses for building robust and scalable backend solutions.

2

PHP

While not his primary backend language, Edmon has experience working with PHP and can leverage it for specific project requirements.

3

Node.js

Edmon is skilled in using Node.js, which allows him to create efficient and high-performing backend applications.

My Projects

Extensive Portfolio

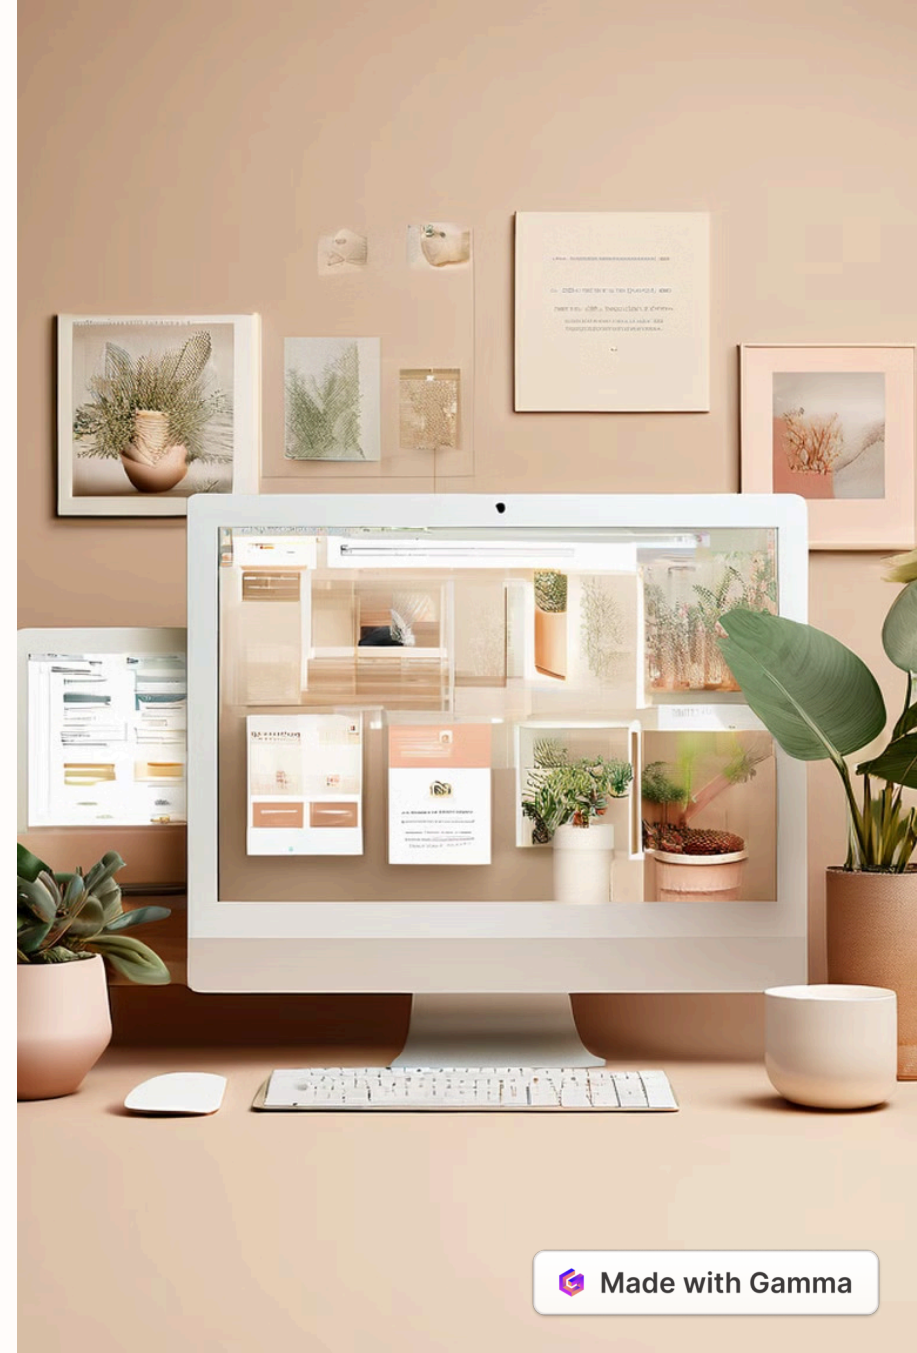

Edmon has successfully completed numerous web development projects, showcasing his ability to deliver high-quality results.

Diverse Expertise

His portfolio includes a wide range of websites, from e-commerce platforms to personal blogs, demonstrating his versatility.

Continuous Growth

Edmon is constantly expanding his skills and knowledge to stay ahead of the curve, ensuring he can handle any web development challenge.

My Clients

30+ Clients

Edmon has successfully delivered projects for over 30 satisfied clients, building a strong reputation in the industry.

High Satisfaction

His clients consistently express their satisfaction with his work, highlighting his ability to understand their needs and exceed their expectations.

Repeat Business

Many of Edmon's clients have become repeat customers, testament to his commitment to delivering exceptional results.

What I Can and Cannot Do

1

Can Create

Edmon is skilled in creating stunning and responsive websites, leveraging his expertise in frontend and backend development.

2

Cannot Create

While he is proficient in Python, Edmon does not have extensive experience with Django or Flask, and is also less familiar with PHP.
